Outer diameter:

Discus throwing weight: 1,50 Kg

Approvals: World Athletics

Product description:

Steel throwing disc Fei Lu Kg 1 IAAF approved

Made of ABS and Steel , this throwing disc produced by Fei Lu is a perfect compromise between price and performance.

It is a 1Kg disc whose characteristics have been **certified by the International Athletics Federation** , now World Athletics.

The **central body is made of steel, as is the 15mm edge**, while the remaining mass is made of **solid ABS** , perfect for resisting the multiple stresses caused by impact with the ground.

The entire disc has a diameter of 18.5 cm, and is **balanced to have greater rotation than normal**.
