

Wall support for Toorx punching bag

Product features:

Material: Steel

Finish: Powder-coated

Maximum loadable weight: 50 kg

Section: 25x25 mm

Product description:

Wall support for Toorx punching bag Suitable for all types of punching bags, the Toorx wall support is entirely made of steel, with an elegant black powder coating.

The support is **equipped with an anchor ring** , to which the bag can be attached directly, or alternatively, for greater cushioning, the special shock-absorbing hook (not included)

With an **overhang of 40 cm** from the wall it allows a notable **improvement in coordination and power in the shot.**

The capacity of the support is 50 kg.
