

3 meter nylon rope for rhythmic gymnastics

**Product features:**

Material: Nylon

Wire diameter: 9.0mm

Length:

**Product description:**

3 meter nylon rope for rhythmic gymnastics Rope made entirely of nylon for rhythmic gymnastics with a diameter of 9 mm and a length of 3 metres.

**In gymnastics** , during the routine, **the gymnast manipulates the rope with elegant and synchronized movements, creating figures, throws** and catches that are evaluated by the judges based on precision, creativity and technical difficulty.

**The rope is one of the most distinctive apparatus in rhythmic gymnastics** and requires a combination of grace, strength and coordination to be successfully wielded during performance.

**the color varies depending on availability**
