

IAAF approved PRO-new Olympic starting block

Product features:

Material: Aluminum

Certifications: IAAF

Product description:

IAAF certified this **professional starting block** has a 102mm heavy aluminum center rail with grooves and centimeter display of the position of the two blocks.

The inclination of the **blocks** is **adjustable** on multiple levels. The surface is rubberized to provide a **non-slip support**.

Thanks to the thick grooves, the blocks are attached perfectly and guarantee **optimal anchoring and stability** .

The central structure is equipped with **plates perforated at the front and rear** for possible anchoring to the ground (pegs included)

The **starting block** is also equipped with thin diameter pegs for the synthetic material slopes.

Assembly of the block is quick and extremely simple

IAAF certified product
