Product features:

Material: Polyethylene

Maximum User Capacity: 100 Kg

Product weight:

Length:

Length:

Like Kayak: Mare

Product description:

The first **wave kayak** in the history of the EXO brand. Developed with **the** collaboration of Italian **athletes** of absolute international standing, the new **turn**.

Thanks to particular shapes, central partitions in polyethylene and foam, this kayak manages to be very **rigid and light** allowing easy restarts and excellent performance, its low price allows it to also be used in **kayak surfing schools** .

Equipment: **adjustable footrest, seat with adjustable backrest and waist strap, 3 fins, 2 tip-tail handles.**
