

Bench for changing room with backrest, bag rest and shoe rack

Product features:

Material: Wood and Steel

Finish: Powder-coated

Length: 50 cm

Height: 176 cm

Product description:

Bench for changing room with seat, backrest, shoe rack and bag rest, Classic model.

Made with **powder-coated tubular steel**, with a diameter of 40 mm, it is finished with natural varnished wooden slats.

This bench is completed with **metal coat hangers**, matching the frame color. Coat hangers can be 3, 5 or 6, depending on the bench size.

Bench sizes are 1 metre, 1.5 or 2 metres.

This type of bench is perfect to furnish any environment, it is particularly suitable for **public facilities such as gyms, wellness centers or infirmaries.**

The frame is usually painted gray. On specific request, it is possible to make the frame in other colors.

Made in Italy product, entirely made in our factories.
