Product description:

Toorx Brx 95 exercise bike with a modern and elegant design with **10 kg flywheel** and magnetic braking system with electronic effort adjustment on **32 levels** . Ideal for high intensity workouts.

Equipped with an LCD display where it is possible to view time, distance, watts, speed, calories, RPM and the pulse detected via the manual hand pulse sensors or, for more accurate detection, via **the integrated heart rate receiver**.

There are **12 preset programs in the memory, 4 user, 4 HRC, body fat tester, watt and the classic free manual program**.

The saddle is adjustable vertically and horizontally for greater comfort and the handlebars are adjustable in inclination. The pedals are extra large with adjustable strap.
