Product description:

Toorx Brx 100 exercise bike with **14 kg** flywheel and ergometer-magnetic induction braking system with electronic effort adjustment on **32 levels**.

Equipped with **sensors** for heart rate detection via **hand pulse** and integrated wireless heart rate monitor receiver. It has a multicolor backlit LCD display that displays distance, time, calories, pulse, speed, RPM. Includes manual, coach (low/mid/top), HRC, watt programs.

The **saddle** is **adjustable vertically and horizontally** for optimal positioning during training and the **handlebars** are **adjustable in inclination**.

Furthermore, it has an integrated **intelligent Bluetooth system** that allows you to take advantage of the most motivating and fun apps specific for bike training. Includes iConsole+ App with maps, itineraries, fitness plans and training data. Compatible with Kinomap fitness App (subscription not included).

A practical holder for smartphones and tablets and a bottle holder are included.

Finally, the bicycle pedals are extra large with an adjustable strap.
