

Indoor Cycle Toorx Srx 500 electromagnetic with wireless receiver and heart rate monitor including APP Ready

Product features:

Braking System: Elettromagnetico

They fly: 24 Kg

Maximum User Capacity: 150 Kg

Console:

Heart Rate Detection:

Dimensions Open: 1635 x 740 x 1355 mm

Packaging dimensions: 1675 x 740 x 320 mm

Product weight: 55 kg

Weight of the packaged product: 64 kg

Certifications: CE-ROHS-EN957

Warranty:

Saddle retraction:

Effort adjustment:

Transmission:

Handlebar height:

Saddle height:

Product description:

Indoor Cycle characterized by the **new braking group with direct action on the flywheel** , which guarantees **extremely fluid and smooth** pedaling at the lowest levels of action of the braking group, completely eliminating the sensation of slight effort when pedaling.

It has a **24 kg** flywheel, CNC machined and balanced, and magnetic braking system with electronic effort adjustment on **32 levels** . Present safety pad brake for quick locking of the flywheel.

The **handlebar is adjustable vertically and horizontally micrometrically** and the **two-tone saddle is adjustable vertically and horizontally micrometrically**.

Equipped with an LCD display where you can view time, speed, distance, calories, pulse, odometer, RPM, scan. Including 12 programs, 4 HRC, watts. Built-in wireless receiver and heart rate monitor included.

It features a belt drive with fixed pinion.

Finally, it has an intelligent Bluetooth system that allows you to take advantage of the most motivating and fun apps specific for bike training. Includes iConsole+ App with maps, itineraries, fitness plans and training data. Compatible with Kinomap fitness App (subscription not included).
