Product description:

The **Everfit TFK 135 Slim treadmill** represents the new **Entry Level model** of the new **Everfit Space Saving range**.

It has a **1.5 CHP continuous motor** with a maximum peak of 2.5 HP which will allow you to reach a **maximum speed of 8 km/h** starting from a minimum of **0.8 km/h** , with increments in steps of 0.1 km /h.

The **running surface measures 40 x 112 cm** and is **cushioned** using **4 elastomers** which will guarantee a good percentage of impact absorbed.

Equipped with a console with **4 white LED displays on the engine cover panel** , from which you can monitor **time, distance, speed, calories and steps**.

Included are **2 removable safety handrails** compliant with EN 957, **support for smartphones and tablets** , a practical **remote control with +/- Speed and Start/Stop buttons** and also **Bluetooth speakers**.

Once you have finished your training **it will be possible to completely fold up the treadmill with maximum ease in just 14.5 cm of depth!**

It can then be moved comfortably thanks to the **2 wheels on the base** .
