Warranty: 2 years

#### Product description:

The **Toorx Trx Endurance treadmill** boasts top-level performance and can satisfy all types of training, thanks to the powerful AC motor.

The **supplied motor has a power of 3.5 HP with a maximum peak of 5 HP AC** and allows you to reach a speed of **20 km/h** starting from 0.8 km/h, with increments in steps of 0.1 km/h. h.

The **platform can be electrically inclined to 15 different** levels up to a maximum rise of 12%.

Both the inclination and the speed can be adjusted via the **appropriate buttons on the two handrails** or via quick selection keys on the console.

The **console has a large backlit LCD display** thanks to which it is possible to constantly monitor the time, distance, speed, calories, the program being carried out and the **heart rate**.

In the memory we find **16 preset programs** with automatic speed and inclination variation, 3 USER, 3 HRC, 1 body fat tester and the classic free manual program.

The structure of the **Toorx TRX Endurance AC HRC treadmill** is very robust, has a weight of approximately 96 kg and can support a user with a **maximum weight of 140 kg**.

Once you have finished training, you can **close** the tool and **move it** thanks to the practical wheels positioned on the

base of the tool.
