Product description:

The Toorx Wlx 3400 station is a Half Rack for intensive use also for gyms, Crossfit centers, hotels etc.

It has a structure made up of tubulars, double-layer painted with scratch-resistant epoxy powders, in solid steel with a square section 75 x 75 x 3.2 mm and is equipped with unrivaled equipment.

It is equipped with 25 holes positioned vertically to attach the J-Hook.

The J-Hook attachment is adjustable in height from 45 cm up to 189 cm, the distance between the holes is 60 mm.

The J-Cup and spotting arm is extra strong, 6mm thick with UHMW (Ultra High Molecular Weight) protection.
