#### **Product description:**

The **Toorx Wbx-200 multi-position adjustable bench** is very sturdy and has a structure with reinforced steel tubing with a 70x50 mm rectangular section, 2 mm thick, with double epoxy powder and scratch-resistant painting.

Thanks to the multiple adjustments, many free body exercises can be performed.

Equipped with very soft and comfortable cushions thanks to the thickness of 60 mm.

It has two wheels on the base for movement thanks to a handle.
