Product description:

Toorx Wbx 250 professional bench suitable for CrossFit training.

It is ideal for training leg muscles, abdominals, lower back and buttocks.

The abdominal and lumbar supports have professional padding and eco leather covering, to give maximum comfort during use.

The trolley is horizontally adjustable on 7 levels.

The rollers are extra large in high density foam with eco-leather covering.

This bench is also suitable for intensive use in Crossfit centers.
