Product description:

The **Toorx Wbx 300 Professional Bench** is a bench suitable for CrossFit training and allows you to perform a wide range of exercises in the smallest possible size.

You can train your leg muscles, abdominals, lower back and buttocks.

The abdominal and lumbar supports are professionally padded and covered in eco-leather for maximum comfort.

The trolley is adjustable vertically and horizontally.

The rollers are extra large in high density foam with Pu coating with vertically adjustable distance.
