Product description:

These **Nordic Walking poles** , from the **Toorx** brand, are ideal for climbing comfortably and safely.

The telescopic poles are **light** and **easy to carry** , thanks to the 3 sections that allow you to adjust them as desired.

The **ergonomic** handle makes them easy to handle. Furthermore, the poles always stay securely in your hands thanks to the adjustable wrist loops.

Equipped with replaceable tungsten steel tips, wheels are also provided for use on snow and rubber pads for use on asphalt.

The sticks have an adjustable height from 65 to 135 cm.

Perfect for outdoor walks and trekking.
