Product description:

The Garlando F-100 table football with retractable rods is characterized by its high quality and stable construction which makes it ideal for the entertainment of adults and children.

The sturdy **MDF cabinet** with melamine coating and cherry color has a thickness of 24 mm. The square MDF legs are 15mm thick with melamine coating.

The **playing field** is made of plastic laminate with a green grass effect background and white lines reproducing the stadium ground. The raised corners allow a correct return of the ball into play.

The outgoing steel rods are 2 mm thick and chromed at 15 microns to prevent rust from forming. The telescopic rods have a thickness of 2 mm on request to obtain the maximum level of safety

Anti-wear nylon **bushings** .

Equipped with red and blue figures in indestructible plastic material fixed to the temples with direct molding. The goalkeeper performs a complete rotation on himself, making it easier to score a goal.

Simple and immediate **recovery** of balls in the goal from two ball catchers placed behind the goals.

Supplied with 3 white Standard model balls.

This table football maintains an excellent quality/price ratio
